

HOW TO PRACTICE METAPHYSICS

Sundays at 9:30am ~ August 15th thru October 31st

A new class on Metaphysics will be held at *Unity Church of Knoxville* and taught by *John London*. The books for the class will be "*Scientific Christian Mental Practice*" by Emma Curtis Hopkins and the "*Bible*".

Emma Curtis Hopkins (1849-1925), a student of Mary Baker Eddy, was the teacher of Charles and Myrtle Fillmore, founders of Unity; Emily Cady, author of *Lessons in Truth*; Malinda Cramer, founder of Emmet Fox's church, Church of Divine Science; and Ernest Holmes, founder of the Church of Religious Science (Science of Mind).

Emma Curtis Hopkins has been called the "teacher of teachers" and was one of the major figures in the formation of the New Thought movement. Her school, the Christian Science Theological Seminary of Chicago, was enormously successful, and her book presents the same curriculum that the Fillmore's studies under her.

This class offers a wonderful opportunity! Rather than just being a simple book study, the class will focus on both the understanding and practice of metaphysics. The class will also touch on metaphysical interpretation of the Bible.

Books can be obtained on Amazon.com or ordered thru your favorite bookstore.
